

DEWORMING IS OUR SPECIALTY

SAFE-GUARD® feed formulations offer a convenient and effective way to take your strategic deworming program to the pasture. Powered by fenbendazole, SAFE-GUARD goes to the gut and kills parasites, even when ingested in small amounts. From blocks to pellets to cubes, feed formulations offer an easy, hands-free option for summer and fall deworming. Break parasite life cycles and prevent shedding back onto the pasture with SAFE-GUARD.

Protect your herd against profit-eating parasites. Add the SAFE-GUARD Program to your parasite management protocol.
