

Say Hello to Healthier, Happier Chickens

with **safe-guard** AquaSol
(fenbendazole oral suspension)

Introducing the ONLY FDA-Approved Chicken Dewormer*

Keep your flock healthy and happy with the only FDA-approved chicken dewormer designed for home use!

Simply adding a few drops to their drinking water safely and effectively treats and controls intestinal parasites, resulting in healthier chickens with zero egg withdrawal.

Benefits of Using SAFE-GUARD® AquaSol

Healthier Chickens are Just a Few Drops Away

Easily treat and control common intestinal parasites by dosing through your chickens' drinking water, helping them stay healthy and live their best lives.

The ONLY FDA-Approved Chicken Dewormer

SAFE-GUARD® AquaSol is proven both safe and effective. Treat and control harmful parasites in as little as 5 days. SAFE-GUARD AquaSol comes from the same SAFE-GUARD family that you trust to deworm the rest of your farm.

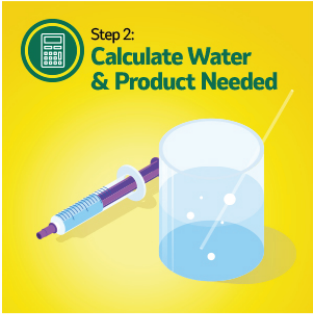

Better Egg Production

Healthy dewormed chickens have a better chance at living productive lives and producing more eggs. SAFE-GUARD AquaSol has no withdrawal period, meaning that no matter when you dose, your chickens' eggs are safe for consumption.

Dosing Your Chickens

For most backyard coops, one 3 milliliter bottle is enough to dose your chickens, but first you need to calculate the total weight of your flock.

Based on the total weight of your chickens, use the dosing chart included on the product insert, or go to DewormMyChickens.com to calculate the amount of drinking water you'll need for dosing, then the amount of SAFE-GUARD AquaSol to administer.

See product insert for how to measure out the proper amount of SAFE-GUARD AquaSol using the included syringe, then simply add it to the drinking water for your flock. Be sure to repeat for 5 consecutive days.

For each day (for 5 consecutive days)			
If the total flock weight is:	Extract the following volume of SAFE-GUARD® AquaSol from the vial:	Dilute into the following volume of water:	 7lb Chickens dosed
Less than 22 lbs	Not Recommended	Not Applicable	Not Applicable
22 lbs	0.05 mL	4 cups (0.9 L)	3
22-33 lbs	0.075 mL		4
34-44 lbs	0.1 mL		6
45-55 lbs	0.125 mL		7
56-66 lbs	0.15 mL	8 cups (1.9 L)	9
67-77 lbs	0.175 mL		11
78-88 lbs	0.2 mL		12
89-99 lbs	0.225 mL		14
100-110 lbs	0.25 mL		15
Over 110 lbs	See package insert	See package insert	See package insert

Refer to package insert for full mixing directions.

*Available on the market.

IMPORTANT SAFETY INFORMATION:
SAFE-GUARD® AquaSol
Not for use in humans. Accidental exposure may result in skin and eye irritation and may cause gastrointestinal disturbances and hypersensitivity reactions in humans. No withdrawal period is required when used according to the label. Consult your veterinarian for assistance in the diagnosis, treatment and control of parasitism.
