

Clean, fast and convenient vaccinations with CleanVax™ nozzles and shields

CleanVax™ nozzles are designed to be minimally-invasive, providing a more comfortable vaccination experience for calves. This also improves ease of administration, making the experience quick and easy for both you and your calves. The disposable shields provide a hygienic vaccination for every calf.

- **Even coat and less drip with innovative atomizer tip**
- **Comfortable calf vaccination**
- **Hygienic disposable shields**
- **Twist on, twist off**

Improves calf comfort

Designed to be minimally-invasive, CleanVax™ nozzles make the experience quick and easy.

Even coat with less drip

The innovative atomizer tip creates a fine mist that evenly coats the nasal surfaces and reduces drip.

Hygienic vaccination

The disposable shields help provide a clean syringe during vaccination.

Easy on and off

Twist the CleanVax™ nozzle 1/4 of a turn on the tip of any standard syringe or syringe with a Luer lock. Then, place a shield over the nozzle.
