

ORBENIN-DC™ Pails Coming Soon

Trusted dry-cow treatment ORBENIN-DC™ (cloxacillin benzathine intramammary infusion) will soon be available in convenient 144-syringe pails. ORBENIN-DC effectively targets Gram-positive bacteria at dry-off with zero milk withhold post-calving.

If you'd like to order ORBENIN-DC pails, please contact Customer Care at 800-521-5767. Boxes will still be available. See product details below.

ORBENIN-DC Presentation	UIN Number	Package Size
Pail	351525	144 syringes per pail 48 pails per pallet
Box	097700	12 syringes per box 12 boxes per case

The first ORBENIN-DC pail shipments from Omaha are expected the week of March 28, 2022. Note that product allocations will continue for the foreseeable future for both pails and boxes.

For more information, visit OrbeninDC.com.

ORBENIN-DC WARNINGS: For use in dry cows only. Do not use within four weeks (28 days) of calving. Treated animals must not be slaughtered for food purposes within four weeks (28 days) of treatment. For additional information, see the product label.
