

Save Big on HomeAgain Scanners!

All display TEMPSCAN® microchip temperature readings

Limited Time Sale

July 1st - August 31st

Why vets choose TEMPSCAN:

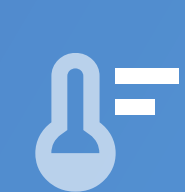

Stress-Free:

Offers a non-invasive and low-stress way to monitor pet temperatures.

Time-Saving for Vets:

Enables quick, multiple readings to identify temperature trends efficiently.

Temperature-Sensing Microchip:

Measures subcutaneous temperatures at the microchip implantation site.
